MATH LAB

Our ideology is based on the philosophy of imparting knowledge through the medium of an exclusive and unique continuum of teaching aids. These clusters have been designed to encourage logical and rational thinking, rather than to follow the obvious protocol of monotonous classroom queries. Established on the above concept, our educational kits and learning aids are appropriate for use in a diverse array of classroom environments and assist teachers to constantly revolutionize and upgrade their skills, there by, improving their ability to productivity engage and interact with the students.

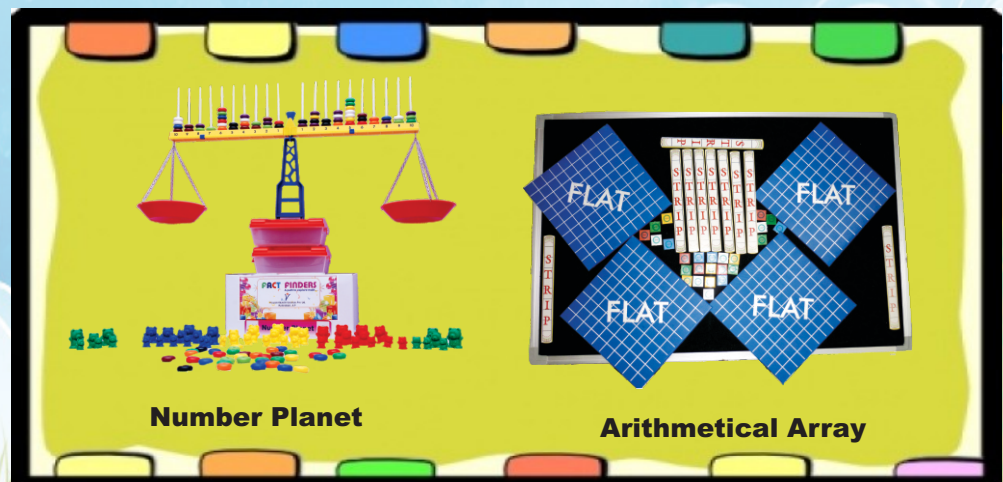

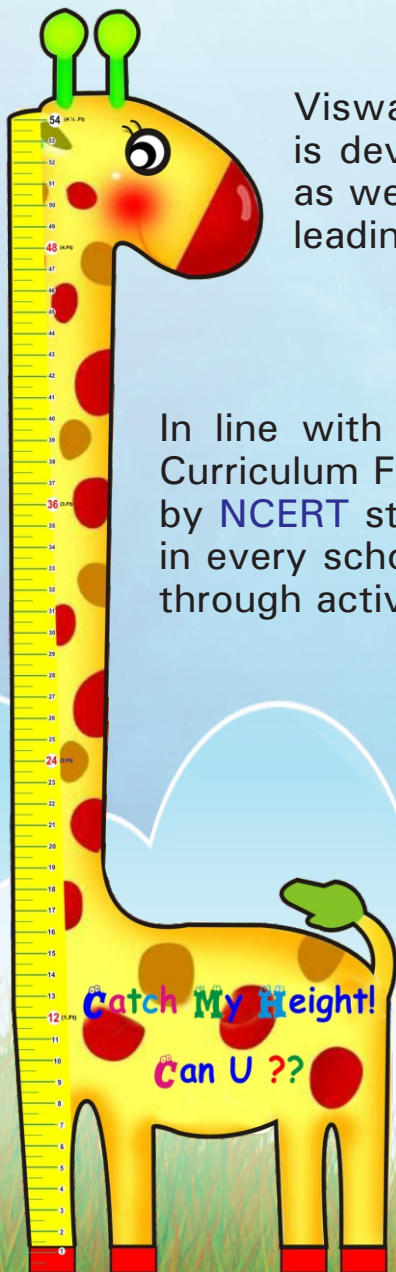

ABOUT US

Viswam Edutech is the promoter of "Mathematics Lab" which is developed as per the guidelines and parameters of **NCERT** as well as on the basis of expertise opinions gathered from the leading Mathematicians in India.

NCERT

Efforts To Propagate Math Lab

In line with National Policy on Education, 1986 and, The National Curriculum Framework (NCF – 2005) for School education developed by **NCERT** strongly suggested setting up of a mathematics laboratory in every school in order to help exploration of mathematical concepts through activities and Experimentation.

CLUSTERS

- ❁ Cubical fun
